**Covid-19
Supplies**

In response to the recent outbreak of COVID-19, Atlas has identified a few key products that would benefit our employees and our customers during this crisis. We partnered with several PPE companies and, using our supply chain expertise, we are quickly bringing these products to market for Atlas customers and the Metro Detroit community.

iHealth[®] No-TOUCH DIGITAL FOREHEAD THERMOMETER

● The CDC mentions fevers are a primary symptom for those infected with Coronavirus. Be informed about the health of your family and employees by having a quick and easy-to-use thermometer handy, especially during this time of crisis. The iHealth Infrared No-Touch Forehead Thermometer lets you measure the temperature of all your family members without having to run to the sink and wash between uses. It also has a host of other features that make this a necessity in every home:

➔ High-precision infrared sensor technology: Ultra-sensitive infrared sensors measure IR energy emitted from the forehead and collect more than 100 data points.*

➔ Fast & easy testing: Hold. Aim. Press. See your reading in a single second.

➔ Safe & hygienic: A non-touch design collects information without any contact, helping to prevent the spreading of infection.

➔ FDA Cleared: This thermometer is an FDA Cleared measurement device.

Easy to order!
